SUMMARY OF INFORMATION

A circular metallic object with triangular mesh is present (page 1 sketch). This area is very spacious, with water which meanders far into the distance (bridge), land, and a few pointed roofs (sketch is on page 2). The weather is fair. People gather in an open silver metallic structure which is circular with triangular extensions (crown). This is an arena which is symbolic/representational wherein in people sit in seats up around the sides (stairs in between seating). People down below wear hats or head gear. Light is reflected in this space. The activity is mind and head associated. A tower is present which projects something and there are lines in the middle of the circular area (page 3 sketch). Phonetics include Col or Ambrosia. At times this place is empty and then people congregate. In other words, the area below is vacant unless there is an activity. The dress is casual. AOL-Sports.
